UNITED STATES FEDERAL COURT
 EASTERN DISTRICT OF PENNSYLVANIA

UNITED STATES
 VS.
 MILCHIN, MICHAEL

CASE NO. 17-284

EMERGENCY MOTION FOR SENTENCE REDUCTION UNDER 3582

Mr. Milchin asks the court to grant a sentence reduction due to extraordinary and compelling reasons. Illness to a primary family member, rehabilitation, Covid-19 and the sentence commission amendments. 18 U.S.C. 3582 (C) (2) and 28 U.S.C. 994 4C1.1 (adjustment to certain zero-point offender) in subsection (D) of 1B1.10 (reduction in term of imprisonment as a result of amended guideline ranger (policy statement) as an amendment to be applied retroactively to previously sentence defendants.

On June 28th Mr. Milchin's elderly mother was diagnosed with Colon cancer and will be starting chemo-therapy, radiation and will require surgery and full time care in the coming months. Releasing Mr. Milchin would allow him to help his mother and be her primary care giver which would include taking her to all the necessary treatment, Dr. visits, cooking, cleaning and care for her daily needs. This would allow Mr. Milchin to help his family during this difficult and troubling time. Time is of the essence when dealing with such a disease and nobody knows how treatment will go or how much time anyone has left.

Another reason for granting this motion is Mr. Milchin's record of rehabilitation. Milchin has fulfilled all his rehab needs that were recommended by the BOP and more. The most longest being the completion of 1000 hour teacher Aide Apprenticeship where for over 2 years milchin worked in education tutoring inmates to pass the GED exam. This certificate is presented by the United States Department of Labor. Milchin's rehab is documented in the other courses as well:

-Camp Real-estate and Mortgage	-Interview camp skills	-Intermediate Spanish	-Camp electric
-V-teacher Aide	- Couch to 5k Running	-Second half of life	- Yoga
-Healthy bodies	-My plate	-Beadery	-Basic GED
-Parenting	-Great start now	-AARP foundation finance	-K2 awareness
-Health aging body	-Anger management	-Brain health	-GPS for the soul (religious)

Russo v. United States case no. 92-CR-351 no. 90-CR-1063 (2022) 2nd District. Russo... Chief amongst them is his extraordinary rehabilitation.. Rehabilitation is indeed on for the goals of sentence and "evidence of post-sentence rehabilitation may plainly be relevant to 'the history and characteristics of the defendant'". Thus like sentencing disparity, rehabilitation is a fact in combination with others for both assessing extraordinary and compelling circumstances and 3553 considerations.

Due to Milchin's good conduct, work and program history he has been transferred to a camp the lowest security level in the BOP with no surrounding fence in Fairton NJ. Due to his programming and conduct he has been awarded by the BOP 365 F.S.A days credit which the BOP has changed his out date from 6-27-29 to 6-27-28, since the 1 year reduction Milchin has earned another 370 days to use toward home confinement or halfway house bringing his date to 6-27-27. Besides being at a minimum security facility the BOP also has a Recidivism risk assessment score of (LOW) for Milchin. Milchin has a criminal history score of 0 (ZERO) points and a violence score of 0 (NONE). U.S. SENTENCING COMM. RECIDIVISM OF FEDERAL OFFENDERS RELEASED IN 2010 (2022) available at www.ussc.gov/research/research-reports/recidivism-federal-offenders-released-2010. Among other findings, the report concluded that "ZERO POINT" offenders were less likely to be rearrested than "ONE POINT" offenders (26.8% compared to 42.3%) the largest variation of any compassion of offenders with in the same criminal history category. All these factors show that Milchin a first time non-violent offender, at a camp, with a low recidivism score is no danger to society as the BOP has clearly showed by transferring Milchin to a camp with no fence where any inmate can walk off the prison at any moment in time with nothing stopping them.

In addition to the health risks posed by the pandemic, the restrictions at Danbury FCI from March 2020 to September 2022 during the pandemic made Milchin's incarceration much more punitive than originally contemplated at the time of sentencing. See

TRULINCS 76060066 - MILCHIN, MICHAEL - Unit: FAI-E-A

united states v. Rodriguez, 492F.supprd 306,311 (S.D.N.Y.2020) ("it might seem , however, that this first factor {of covid-19}... would diminish in importance once the pandemic was over. But this is not entirely so.for...aside from posing a threat to Rodriguez's health, {the pandemic} has made Rodriguez's incarceration harsher and more punitive than would other wise have been the case ") for example nearly 24 hour lockdowns have been repeatedly imposed for long stretches to prevent the spread of covid-19. in addition from 2020 to sept 2022 visitors were not permitted and when they were they only occurred through a glass partition and children were not allowed until mid 2022. These measures , while aimed at protecting inmates from illness, also have an indisputable punitive effect. While this factor may not independently constitute an extraordinary or compelling reason, it weighs towards a sentence reduction.

The most important reason for a reduction is the sentencing commission adjustment for certain zero-point offenders 4c1.1.

chapter four criminal history and criminal livelihood

part C adjustment for certain zero-point offenders

4C1.1

(a) adjustment. If the defendant meets all of the following criteria:

(1)the defendant did not receive any criminal history points from chapter four part A

(2)the defendant did not receive an adjustment under 3A1.4(terrorism);

(3)the defendant did not use violence or credible threats of violence in connection with the offense;

(4)the offense did not result in death or serious bodily injury;

(5)the instant offense of conviction is not a sex offense;

(6)the defendant did not personally cause substantial financial hardship;

(7)the defendant di not possess,receive,purchase,transport,transfer,sell or otherwise dispose of a firearm or other dangerous weapon(or induce another participant to do so) in connection with the offense;

(8)the instant offense of conviction is not covered by 2H1.1 (offenses involving individual rights)

(9) the defendant did not receive an adjustment under 3A1.1(hate crime motivation or vulnerable victim) or 3A1.5 (serious human rights offense); and the defendant did not receive an adjustment under 3b1.1 (aggravating role) AND was not engaged in a continuing criminals enterprise,as defined in 21 U.S.C. 848; decrease the offense level determined under chapters two and three by 2 LEVELS.

The amendments to the sentencing guidelines will become effective Nov 1 2023. Milchin meets all the criteria for a reduction from level 1 Category 33 135-168 months to category 31 108-135 months.

Due to tall the factors together with mother having colon cancer, rehabilitation and conduct, the punitive effect of covid and the sentencing committee amendments Milchin seeks a reduction of 60 months to the bottom end of the guidelines and immediate release as he has less than 60 months remaining as of July 3,2023. This will allow Milchin to go directly home to be the primary caregiver to his mother during the hardest fight of her life. Milchin will reside full time with his parents in Oceanside NY and will obey any restriction this court may put on Milchin. Milchins only goal is to be reunited with his family and spend anytime his mother has left with her.
